

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joanne Nemerovski
DOCKET NO.: 22-49727.001-R-1
PARCEL NO.: 14-33-311-045-0000

The parties of record before the Property Tax Appeal Board are Joanne Nemerovski, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,975
IMPR.: \$33,025
TOTAL: \$43,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 735 square feet of living area. The dwelling is approximately 51 years old. Features of the home include a full unfinished basement, central air conditioning, 1½ bathrooms and a fireplace. The property has a 798 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property, a townhome or row house up to 62 years of age, under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that have the same assessment neighborhood code and property classification code as the subject. The comparables are located approximately .2 of a mile from the subject property. The comparables are improved with two-story dwellings of masonry exterior construction each

containing 826 square feet of living area. The dwellings are 51 or 52 years old. The comparables each have a full basement. No data was provided by the appellant concerning finished basement area. Each comparable has central air conditioning, 1½ bathrooms and a fireplace. The comparables have improvement assessments that range from \$31,613 to \$36,275 or from \$38.27 to \$43.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$30,701 or \$41.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,000. The subject property has an improvement assessment of \$33,025 or \$44.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparable properties that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block and on the same street as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction each containing 735 square feet of living area. The dwellings are each 50 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, 1½ bathrooms and a fireplace. The comparables have improvement assessments of \$33,025 and \$33,450 or \$44.93 and \$45.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable properties for the Board's consideration. The Board finds all the comparables are similar to the subject in location and similar, if not identical to the subject in dwelling size, design, age and some features. The comparables have improvement assessments that range from \$31,613 to \$33,450 or from \$38.27 to \$45.51 per square foot of living area. The subject's improvement assessment of \$33,025 or \$44.93 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
