

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elizabeth Delgadillo
DOCKET NO.: 22-49789.001-R-1
PARCEL NO.: 19-15-425-019-0000

The parties of record before the Property Tax Appeal Board are Elizabeth Delgadillo, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,780
IMPR.: \$24,351
TOTAL: \$28,131

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,328 square feet of gross building area and is approximately 91 years old. Features include a full basement with finished area, 2.5 bathrooms, and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The evidence also includes property characteristics printouts from the Cook County Assessor's Office which were analyzed to verify/update data in the Section V grid analysis. The comparables are improved

with 2-story, class 2-11 multi-family buildings of frame exterior construction ranging in size from 2,100 to 2,404 square feet of gross building area. The buildings range in age from 104 to 126 years old. Three comparables each have a full basement with finished area and two comparables each have a slab foundation. Each comparable has 2 or 2.5 bathrooms. Four comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$10,625 to \$12,000 or from \$4.78 to \$5.65 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$11,709.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,131. The subject property has an improvement assessment of \$24,351 or \$10.46 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject as well as being located on the same tax block and/or street as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,136 to 2,328 square feet of gross building area. The buildings are either 91 or 92 years old. Each comparable has a full basement, two of which have finished area, and 2 bathrooms. One comparable has central air conditioning. Three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$25,220 to \$27,220 or from \$11.36 to \$11.81 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age than other comparables in this record and/or differ in foundation type and/or lack a garage, which is a feature of the subject. The Board also gives less weight to board of review comparable #3 which has central air conditioning, unlike the subject, and also lacks a garage, which the subject features.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #4 which are located on the same block and street as the subject. These comparables are overall more similar to the subject in location, design/class, age, gross building size, and most features. The comparables have improvement assessments ranging from \$26,220 to \$27,220 or from \$11.36 to \$11.69 per square foot of gross building area. The subject's improvement

assessment of \$24,351 or \$10.46 per square foot of gross building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
