

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sharon McAndrews  
DOCKET NO.: 22-50009.001-R-1  
PARCEL NO.: 17-04-220-087-0000

The parties of record before the Property Tax Appeal Board are Sharon McAndrews, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,963  
**IMPR.:** \$77,820  
**TOTAL:** \$92,783

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3-story townhome of masonry construction with 2,993 square feet of living area which is approximately 18 years old. The dwelling was built on a concrete slab foundation and features 3½ baths, central air conditioning, a fireplace, and a 2-car garage. The property has a 1,197 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property<sup>1</sup> under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this claim, the appellant submitted a grid with information on four equity comparables located within either .5 or .7 of a mile from the subject and all within the same assessment neighborhood code as the subject property. The comparables are improved with

class 2-95 townhomes of masonry construction containing either 2,436 or 2,641 square feet of living area and being either 22 or 25 years old. Each comparable is built on a concrete slab foundation and features central air conditioning and 1 fireplace. Three comparables have a 2-car garage. The comparables have improvement assessments ranging from \$57,886 to \$65,750 or from \$23.76 to \$24.90 per square foot of living area. Based on this evidence, the appellant requested a reduction to the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the final decision of the Cook County Board of Review disclosing the total assessment for the subject of \$92,783. The subject has an improvement assessment of \$77,821 or \$26.00 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on sixteen comparable properties located within ¼ of a mile or the same survey block as the subject, and all within the same assessment neighborhood code as the subject property. The comparables consist of 2-story and 3-story, class 2-95 townhomes of frame or masonry construction ranging in size from 2,067 to 3,067 square feet of living area and ranging in age from 18 to 27 years old. Nine comparables have a full basement (two of which are finished with recreation rooms) and seven comparables each have a concrete slab foundation. Each comparable features central air conditioning, 1 or 3 fireplaces, and 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$57,513 to \$168,425 or from \$26.15 to \$60.28 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of twenty equity comparables in support of their positions. The Board gave less weight to appellant's comparable #1 due to lack of a garage which is a feature of the subject property. The Board also gave less weight to board of review comparables #5 through #16 due to either having significantly smaller dwelling sizes relative to the subject or having basement foundations, dissimilar to the subject's concrete slab foundation.

The Board finds the best evidence of equity in assessment to be appellant's comparables #2, #3, and #4, along with board of review comparables #1 through #4 as these seven comparables are most similar overall to the subject in location, design/class, dwelling size, age, foundation, and features. The best equity comparables in the record have improvement assessments ranging from \$65,000 to \$80,239 or from \$24.61 to \$26.66 per square foot of living area. The subject's improvement assessment of \$77,821 or \$26.00 per square foot of living area falls within the

range established by the most similar equity comparables both in terms of overall improvement assessment and on a per square foot of living area basis.

Based on this record, and after considering all the comparables submitted by the parties with emphasis on those properties with the most similar location and characteristics, and after considering appropriate adjustments to the comparables for any differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
