

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcel Cozma
DOCKET NO.: 22-50074.001-R-1
PARCEL NO.: 10-28-424-027-0000

The parties of record before the Property Tax Appeal Board are Marcel Cozma, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,870
IMPR.: \$38,129
TOTAL: \$46,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,158 square feet of living area. The dwelling is approximately 81 years old. Features of the home include a basement, central air conditioning, and a 2-car garage. The property has a 6,336 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and from 0.9 of a mile to 2.1 miles from the subject. The comparables are improved with 2-story, class 2-05 homes of masonry or frame and masonry exterior construction ranging in size from 1,683 to

2,188 square feet of living area. The dwellings range in age from 63 to 71 years old. Each home has a basement and from a 1-car to a 3.5-car garage. Three homes have central air conditioning and three homes each have a fireplace. The comparables have improvement assessments ranging from \$22,493 to \$34,798 or from \$13.36 to \$16.60 per square foot of living area.

The appellant submitted a final decision of the board of review disclosing the total assessment for the subject of \$46,999. The appellant reported the subject property has an improvement assessment of \$38,129 or \$17.67 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$32,704.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in Lincolnwood or Skokie and within the same assessment neighborhood code as the subject, two of which are on the same block as the subject. The comparables are improved with 2-story, class 2-05 homes of masonry or frame and masonry exterior construction ranging in size from 1,704 to 1,798 square feet of living area. The dwellings range in age from 70 to 88 years old. Each home has a basement, three of which have finished area, and from a 1-car to a 3-car garage. Three homes have central air conditioning and one home has two fireplaces. The comparables have improvement assessments ranging from \$31,582 to \$38,494 or from \$18.23 to \$21.41 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are located more distant from the subject than other comparables in this record, and the board of review's comparables #3 and #4, which are located in a different city than the subject and for which no proximity to the subject was disclosed.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2, which are located on the same block as the subject and are similar to the subject in design, age, and some features, although these comparables are much smaller homes than the subject and one comparable has finished basement area unlike the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject.

These comparables have improvement assessments of \$31,582 and \$35,717 or \$18.23 and \$20.63 per square foot of living area, respectively. The subject's improvement assessment of \$38,130 or \$17.67 per square foot of living area falls above the two best comparables in terms of total improvement assessment and below the best comparables on a per square foot basis, which is logical given these comparables are smaller homes than the subject. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
