

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Parag Patel
DOCKET NO.: 22-50236.001-R-1
PARCEL NO.: 04-21-316-019-0000

The parties of record before the Property Tax Appeal Board are Parag Patel, the appellant, by attorney Jeremy Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,938
IMPR.: \$65,410
TOTAL: \$80,348

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,644 square feet of living area. The dwelling is approximately 34 years old. The home features a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,670 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located from .3 to .7 of a mile from the subject property, one of which is also located along the same street as the subject. The comparables are improved with

two or more-story dwellings of frame and masonry exterior construction ranging in size from 3,378 to 3,678 square feet of living area. The dwellings are 31 or 38 years old. The comparables each have a full basement. The appellant indicated in the grid analysis that the finished basement area is "n/a." Each comparable has central air conditioning, a fireplace and from a two-car to a three-car garage. The comparables have improvement assessments that range from \$53,386 to \$59,584 or from \$15.61 to \$16.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$58,596 or \$16.08 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,348. The subject property has an improvement assessment of \$65,410 or \$17.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block or approximately ¼ of a mile from the subject, two of which are also along the same street as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 3,307 to 3,766 square feet of living area. The dwellings are from 32 to 37 years old. The comparables each have a full unfinished basement, central air conditioning, a fireplace and a two-car or a three-car garage. The comparables have improvement assessments that range from \$59,526 to \$72,489 or from \$18.00 to \$19.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board finds all the comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$53,386 to \$72,489 or from \$15.61 to \$19.25 per square foot of living area. The subject's improvement assessment of \$65,410 or \$17.95 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
