

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Schorer  
DOCKET NO.: 22-50247.001-R-1  
PARCEL NO.: 04-16-407-021-0000

The parties of record before the Property Tax Appeal Board are Joseph Schorer, the appellant, by attorney Jeremy Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$18,495  
**IMPR.:** \$64,488  
**TOTAL:** \$82,983

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,350 square feet of living area. The dwelling is approximately 55 years old. The home features a full basement with finished area, central air conditioning, a fireplace and a 2.5-car garage. The property has a 12,330 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located approximately 144 feet or .2 of a mile from the subject property. The comparables are improved with two or more-story dwellings of frame

exterior construction ranging in size from 3,070 to 3,369 square feet of living area. The dwellings are from 54 to 56 years old. The comparables each have a full basement. The appellant indicated in the grid analysis that the finished basement area is "n/a." Each comparable has central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments that range from \$58,928 to \$64,508 or from \$18.60 to \$19.40 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$63,449 or \$18.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,276. The subject property has an improvement assessment of \$69,781 or \$20.83 per square foot of living area. The board of review did not submit any other evidence in support of the current assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

On this limited record, the Board finds the only evidence of assessment equity to be the four comparables submitted by the appellant. The Board finds the comparables are similar to the subject in location, dwelling size, age and some features. The comparables have improvement assessments that range from \$58,928 to \$64,508 or from \$18.60 to \$19.40 per square foot of living area. The subject's improvement assessment of \$69,781 or \$20.83 per square foot of living area falls above the range established by the only comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
