

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeanine Camaren
DOCKET NO.: 22-50333.001-R-1
PARCEL NO.: 18-07-206-020-0000

The parties of record before the Property Tax Appeal Board are Jeanine Camaren, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,648
IMPR.: \$103,162
TOTAL: \$112,810

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 4,587 square feet of living area. The home is approximately 16 years old. Features include a full basement with finished area,¹ central air conditioning, one fireplace, and a 2.5-car garage. The property has a 12,450 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts from the Cook County Assessor's Office, on five equity comparables

¹ The Board finds the best description of the subject's basement was found in Section III of the appeal petition which also correlates to the Section V grid analysis.

located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-08 dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 4,171 to 4,949 square feet of living area. The homes range in age from 6 to 29 years old. Each comparable has a full basement with finished area, central air conditioning, and from one to three fireplaces. Four comparables each have from a 2-car to 3.5-car garage. The comparables have improvement assessments ranging from \$74,849 to \$99,700 or from \$17.95 to \$20.15 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,810. The subject property has an improvement assessment of \$103,162 or \$22.49 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-08 dwellings of frame or masonry exterior construction ranging in size from 4,206 to 4,833 square feet of living area. The homes range in age from 7 to 25 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning, from one to three fireplaces, and a 2-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$96,826 to \$121,358 or from \$23.02 to \$25.11 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which lacks a garage amenity, which is a feature of the subject, and the appellant's comparable #5 which differs substantially from the subject in age. The Board also gives less weight to board of review comparables #1 and #3 which lack basement finish, which the subject features.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. These comparables have improvement assessments of \$97,172 and \$121,358 or \$23.03 and \$25.11 per square foot of living area. The subject's improvement assessment of \$103,162 or \$22.49 per square foot of living area is bracketed by the two best comparables in this record on an overall value basis and falls below them on a per square foot basis. After considering the necessary adjustments to the two best comparables required for differences from

the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
