

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James and Diane Begy
DOCKET NO.: 22-50360.001-R-1
PARCEL NO.: 18-19-205-052-0000

The parties of record before the Property Tax Appeal Board are James and Diane Begy, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,934
IMPR.: \$49,429
TOTAL: \$61,363

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,459 square feet of living area. The dwelling is approximately 27 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 1.5-car garage. The property has a 17,681 square foot site and is located in Indian Head Park, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject and from 0.3 of a mile to 4.6 miles from the subject. The comparables are improved with 2-story, class 2-78 homes of frame and masonry exterior construction ranging in size from 3,093 to 3,752 square

feet of living area. The dwellings range in age from 50 to 55 years old. Each home has a basement, central air conditioning, one or two fireplaces, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$38,065 to \$46,260 or from \$12.15 to \$12.48 per square foot of living area. Based on this evidence the appellants requested a reduction in the subject's improvement assessment to \$42,615.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,363. The subject property has an improvement assessment of \$49,429 or \$14.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and on the same block or 0.25 of a mile from the subject. The comparables are improved with 2-story, class 2-78 homes of masonry or frame and masonry exterior construction ranging in size from 2,983 to 3,560 square feet of living area. The dwellings range in age from 13 to 37 years old. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and from a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$44,725 to \$60,331 or from \$14.46 to \$20.00 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables and the board of review's comparable #3, due to substantial differences from the subject in age. Moreover, the appellants' comparable #2 is located more than four miles from the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #4, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$51,965 to \$60,331 or from \$15.94 to \$20.00 per square foot of living area. The subject's improvement assessment of \$49,429 or \$14.29 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
