

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Mortimer
DOCKET NO.: 22-50363.001-R-1
PARCEL NO.: 18-06-400-006-0000

The parties of record before the Property Tax Appeal Board are David Mortimer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,244
IMPR.: \$52,681
TOTAL: \$63,925

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,282 square feet of living area. The home was built in 1913 and is approximately 109 years old. Features include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 12,851 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 dwellings of frame or stucco exterior construction ranging in size from 2,724 to 3,429 square feet of living area. The homes range in age from 80 to 107 years old. The comparables each have a full or partial basement with

finished basement area reported as “N/A” and central air conditioning. Three comparables each have one or two fireplaces and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$42,828 to \$48,051 or from \$12.49 to \$15.86 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,925. The subject property has an improvement assessment of \$52,681 or \$16.05 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 dwellings of frame, stucco or frame and masonry exterior construction ranging in size from 2,854 to 3,898 square feet of living area. The homes range in age from 102 to 151 years old. The comparables each have a full or partial basement with two having finished area and one or two fireplaces. Three comparables each have central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$47,729 to \$79,247 or from \$16.72 to \$20.37 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which lacks a garage amenity, which the subject features. The Board gives less weight to the appellant's comparables #3 and #4 as well as board of review comparables #2, #3, and #4 which are less similar in dwelling size and/or age than other comparables in this record. Further, the board of review comparables #3 and #4 each lack basement finish and/or a garage amenity, both of which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 as well as the board of review comparable #1 which are more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The comparables have improvement assessments of \$42,912 and \$61,041 or \$14.63 and \$20.35 per square foot of living area. The subject's improvement assessment of \$52,681 or \$16.05 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
