

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald Springer
DOCKET NO.: 22-50398.001-R-1
PARCEL NO.: 24-31-215-015-0000

The parties of record before the Property Tax Appeal Board are Gerald Springer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,332
IMPR.: \$38,093
TOTAL: \$48,425

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,667 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full basement with finished area, 2½ bathrooms, central air conditioning, 3 fireplaces and a 3-car garage. The property has a 15,308 square foot site and is located in Palos Heights, Worth Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 45 feet to 0.20 of a mile to the subject. The comparables consist of class 2-78, two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,341 to 3,667 square feet of living area. The

homes are 21 to 23 years old. The homes have full basements with “N/A” reported for the finished basement area. Each comparable has from 2½ to 4½ bathrooms, central air conditioning and a 3-car garage. Three comparables each have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$33,878 to \$36,471 or from \$9.62 to \$10.14 per square foot of living area. Based on this evidence, the appellant requested that the subject’s improvement assessment be reduced.

The board of review submitted its “Board of Review Notes on Appeal.” The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject property of \$48,425. The subject property has an improvement assessment of \$38,093 or \$10.39 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject’s assessment neighborhood and within ¼ of a mile of the subject. The comparables consist of class 2-78, two-story dwellings of masonry exterior construction ranging in size from 3,232 to 3,397 square feet of living area. The homes are 21 or 22 years old. Each comparable has a partial or full basement with one having finished area, 3½ or 4½ bathrooms, central air conditioning, 1 or 2 fireplaces and a 3-car garage. The comparables have improvement assessments ranging from \$36,765 to \$37,256 or from \$10.88 to \$11.47 per square foot of living area. Based on this evidence, the board of review requested that the subject’s assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board’s consideration. The Board finds that the comparables are relatively similar and/or identical to the subject in design, age, dwelling size, and some features. However, only the board of review comparable #3 was reported to have a finished basement area, like the subject, suggesting upward adjustments, may be needed to the remaining comparables for this feature to make them more equivalent to the subject property. The parties’ comparables have improvement assessments ranging from \$33,878 to \$37,256 or from \$9.62 to \$11.47 per square foot of living area. The subject’s improvement assessment of \$38,093 or \$10.39 per square foot of living area falls above the range established by all the comparables in the record on an overall basis and within the range on a per square foot basis. After considering adjustments to the parties’ comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
