

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sinead Landers
DOCKET NO.: 22-50415.001-R-1
PARCEL NO.: 24-16-209-059-0000

The parties of record before the Property Tax Appeal Board are Sinead Landers, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,030
IMPR.: \$14,420
TOTAL: \$18,450

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,266 square feet of living area. The dwelling is approximately 53 years old. Features of the home include a partial basement with finished area, 1½ bathrooms, central air conditioning and a 2-car garage. The property has a 6,200 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood code and from 0.5 to 0.8 of a mile to the subject. The comparables consist of class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 1,334 to 1,370 square feet of living area. The homes

are 54 to 61 years old. The homes have partial basements with “N/A” reported for the finished basement area. Each comparable has 1½ bathrooms, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$14,371 to \$14,749 or from \$10.59 to \$10.99 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$13,647 or \$10.78 per square foot of living area.

The board of review submitted its “Board of Review Notes on Appeal” disclosing the total assessment for the subject property of \$18,450. The subject property has an improvement assessment of \$14,420 or \$11.39 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code and within ¼ of a mile of the subject. The comparables consist of class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 1,194 to 1,325 square feet of living area. The homes are 55 to 59 years old. Each comparable has a partial basement with finished area, 1½ bathrooms and a 1-car or a 2-car garage. Three comparables each have central air conditioning, and two comparables each have a fireplace. The comparables have improvement assessments ranging from \$15,690 to \$17,234 or from \$12.61 to \$13.86 per square foot of living area. Based on this evidence, the board of review requested that the subject’s assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board’s consideration. The Board finds that the comparables have the same assessment neighborhood and classification codes as the subject and are relatively similar to the subject in design, age, dwelling size, bathroom count and most features. However, the subject and the board of review’s comparables have finished basements; whereas the appellant did not disclose whether their comparables have finished or unfinished basement areas, suggesting upward adjustments may be required to make them more equivalent to the subject. The parties’ eight comparables have improvement assessments ranging from \$14,371 to \$17,234 or from \$10.59 to \$13.86 per square foot of living area. The subject’s improvement assessment of \$14,420 or \$11.39 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
