

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Anetsberger
DOCKET NO.: 22-50416.001-R-1
PARCEL NO.: 04-10-312-024-0000

The parties of record before the Property Tax Appeal Board are James Anetsberger, the appellant, by attorney Jeremy Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,820
IMPR.: \$82,413
TOTAL: \$100,233

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,470 square feet of living area. The dwelling is approximately 13 years old. The home features a full basement with finished area, central air conditioning, 4½ bathrooms, a fireplace and a two-car garage. The property has an 11,138 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located approximately .4 or .6 of a mile from the subject property. The comparables are improved with two or more-story dwellings of frame, masonry or

frame and masonry exterior construction ranging in size from 3,063 to 3,672 square feet of living area. The dwellings are from 15 to 20 years old. The comparables each have a full basement. The appellant indicated in the grid analysis that the finished basement area is "n/a." Each comparable has central air conditioning, 3½ bathrooms, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$69,040 to \$83,600 or from \$22.51 to \$23.16 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$78,908 or \$22.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review decision for the 2022 tax year disclosing the final total assessment for the subject of \$103,564. The subject property has an improvement assessment of \$85,744 or \$24.71 per square foot of living area. The board of review did not submit any other evidence in support of the current assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

On this limited record, the Board finds the only evidence of assessment equity to be the three comparables submitted by the appellant. The Board has given less weight to the appellant's comparable #2 due to its considerably smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, which have the same assessment neighborhood code and property classification code as the subject. These two comparables are overall most similar to the subject in dwelling size, age and some features. The comparables have improvement assessments of \$82,666 and \$83,600 or \$22.51 and \$23.16 per square foot of living area. The subject's improvement assessment of \$85,744 or \$24.71 per square foot of living area is greater than the two best comparables in the record both in terms of total improvement assessment and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
