

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tony Kahan  
DOCKET NO.: 22-50511.001-R-1  
PARCEL NO.: 04-22-303-016-0000

The parties of record before the Property Tax Appeal Board are Tony Kahan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,015  
**IMPR.:** \$54,985  
**TOTAL:** \$64,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction containing 1,996 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 3,606 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject and within .2 of a mile from the subject property. The comparables are improved with class 2-07, 2-story dwellings of frame exterior construction that contain either 1,994 or 1,996 square feet of living area. The dwellings are each 22 years old. Each comparable has a full basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments

that range from \$50,268 to \$53,190 or from \$25.18 to \$26.65 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$51,736 or \$25.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$64,000. The subject property has an improvement assessment of \$54,985 or \$27.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and on the same block as the subject property. The comparables are improved with class 2-07, 2-story dwellings of frame exterior construction that each contain 1,996 square feet of living area. The dwellings are each 22 years old. Each comparable has a full basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments that range from \$55,023 to \$56,045 or from \$27.57 to \$28.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board finds all of the comparables to be similar to the subject in age, design, location, dwelling size and most features. The comparables have improvement assessments ranging from \$50,268 to \$56,045 or from \$25.18 to \$28.08 per square foot of living area. The subject's improvement assessment of \$54,985 or \$27.55 per square foot of living area, falls within the range of the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
