

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gheorghe Pintilie
DOCKET NO.: 22-50735.001-R-1
PARCEL NO.: 03-08-310-006-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Gheorghe Pintilie, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$7,623
IMPR.: \$20,709
TOTAL: \$28,332

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1,174 square feet, multi-level building of frame-and-masonry construction situated on an 8,470 square feet lot in Arlington Heights, Wheeling Township, Cook County. The 53-year-old, class 2-34 residence under the Cook County Real Property Assessment Classification Ordinance featured 1.5 bathrooms, air conditioning, a fireplace, a one-car garage, and a partial basement. The subject last sold in August 2015.

The appellant based the petition on assessment inequity, contending that the assessment should be lowered to \$13.22 per improvement square foot. As evidence of nonuniformity, the appellant selected five class 2-34 residences within .22 miles of the subject. These suggested comparables featured a two-car garage, one to two bathrooms, and a partial basement. These potential comparators were between 45 and 62 years in building age; 1,148 and 1,319 square feet in improvement size; and \$12.57 and \$13.84 per living square foot in improvement assessment.

The board of review countered that the subject improvement assessment of \$20,709, or \$17.64 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$28,332 total subject assessment, the county board of review proposed four multi-level improvements within a quarter mile of the subject as equity comparables. The board of review’s preferred comparators all featured a partial basement, a one- or two-car garage, air conditioning, and 1.5 bathrooms. These 1,174-square-foot improvements were 54 or 56 years in building age and \$17.99 to \$19.66 per living square foot in improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not require absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of assessment documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof.

As the properties most similar to the subject improvement, board of review comparables #1 through #3 constitute the best evidence of assessment equity in this record. Not only did board of review comparables #1 through #3 exactly match the subject’s living square footage, they were also identical in bathroom count, basement type, air conditioning inclusion, and garage size. Indeed, the only notable difference was the lack of fireplaces in comparators #2 and #3. Given this record, the subject improvement would be equitably assessed from \$17.99 to \$19.66 per living square foot. Because the subject assessment of \$17.64 per improvement square foot is lower than the comparators’ assessments, PTAB concludes the appellant did not demonstrate inequitable subject assessment by clear and convincing evidence and a reduction commensurate with the appellant’s request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
