

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Funteas
DOCKET NO.: 22-50790.001-R-1
PARCEL NO.: 03-20-100-021-0000

The parties of record before the Property Tax Appeal Board are Mary Funteas, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,241
IMPR.: \$37,745
TOTAL: \$47,986

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,798 square feet of living area. The dwelling is approximately 54 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 9,310 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,338 to 3,033 square feet of living area. The homes range in age from 48 to 58

years old. Each comparable has a full or partial basement, central air conditioning, one or two fireplaces, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$32,316 to \$41,759 or from \$13.00 to \$13.95 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,000. The subject property has an improvement assessment of \$42,759 or \$15.28 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on two equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 and 2-story, class 2-07 dwellings of masonry or frame and masonry exterior construction with either 1,574 or 1,690 square feet of living area. The homes are either 50 or 54 years old. Each comparable has a partial basement and a 2-car or a 2.5-car garage. One comparable has central air conditioning and one fireplace. Comparables #1 and #2 have improvement assessments of \$25,358 and \$28,759 or \$16.11 and \$17.02 per square foot of living area, respectively. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 as well as the board of review comparables which are less similar to the subject in dwelling size than the other comparables in this record. Further, board of review comparable #2 has a dissimilar 1-story design, when compared to the subject's 2-story design, and lacks central air conditioning, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, and #5 which are overall most similar to the subject in design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$36,528 to \$41,759 or from \$13.00 to \$13.95 per square foot of living area. The subject's improvement assessment of \$42,759 or \$15.28 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
