

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maureen Zazove
DOCKET NO.: 22-50806.001-R-1
PARCEL NO.: 04-18-203-043-0000

The parties of record before the Property Tax Appeal Board are Maureen Zazove, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,481
IMPR.: \$104,518
TOTAL: \$118,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 3,523 square feet of living area. The dwelling is 7 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 17,037 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same assessment neighborhood, block and street as the subject. The comparables consist of class 2-04, 1-story dwellings of frame exterior construction ranging in size from 3,071 to 3,862 square feet of living area. The dwellings are each 7 years

old. Each comparable has a full basement, central air conditioning and a 2-car or 3-car garage. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$85,319 to \$112,805 or from \$27.78 to \$29.21 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$99,701.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject of \$118,999. The subject property has an improvement assessment of \$104,518 or \$29.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on one equity comparable that is located within the same assessment neighborhood, block and street as the subject. The comparable consists of a class 2-04, 1-story dwelling of masonry exterior construction with 3,483 square feet of living area. The dwelling is 7 years old. The comparable has a full basement, central air conditioning, a fireplace, and a 2-car garage. The comparable has an improvement assessment of \$113,548 or \$32.60 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted five suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 as well as the board of review's comparable #1 which are overall more similar to the subject in dwelling size, age, location and most features. These three comparables have improvement assessments ranging from \$95,737 to \$113,548 or from \$27.78 to \$32.60 per square foot of living area. The subject's improvement assessment of \$104,518 or \$29.67 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
