

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Jennings
DOCKET NO.: 22-50812.001-R-1
PARCEL NO.: 04-36-400-062-0000

The parties of record before the Property Tax Appeal Board are John Jennings, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,220
IMPR.: \$95,780
TOTAL: \$134,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,169 square feet of living area. The dwelling is approximately 82 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a 2-car garage. The property has a 38,220 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.9 of a mile to 1.7 miles of the subject property. The comparables consist of class 2-06, two or more story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from

3,615 to 4,490 square feet of living area. The dwellings are 69 to 97 years old. Each comparable has a partial or full basement, central air conditioning, 1 or 2 fireplaces, and a 1½-car or a 2-car garage. The comparables have improvement assessments ranging from \$70,319 to \$91,821 or from \$19.45 to \$20.45 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$83,008 or \$19.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,000. The subject property has an improvement assessment of \$95,780 or \$22.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the same block or subarea as the subject property. The comparables consist of class 2-06, two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,724 to 4,248 square feet of living area. The dwellings are 71 to 79 years old. One comparable has a slab foundation, and three comparables each have a partial or full basement with one having finished area. Each comparable has central air conditioning, 1 to 3 fireplaces, and either a 2-car, a 2½-car or a 3-car garage. The comparables have improvement assessments ranging from \$63,524 to \$106,440 or from \$23.00 to \$25.06 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located from 0.9 of a mile to 1.7 miles away from the subject and according to the parcel index numbers (PINs) are within a different subarea than the subject property. Moreover, three of the appellant's comparables also considerably differ from the subject in dwelling size or age. In addition, the Board gives less weight to the board of review's comparables #2 and #3 due to their considerably smaller dwelling sizes and/or dissimilar foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #4 which are overall more similar to the subject in location, dwelling size, age, foundation type and/or other features. These two comparables have improvement assessments of \$87,004 and \$106,440 or \$23.51 and \$25.06 per square foot of living area. The subject's improvement assessment of \$95,780 or \$22.97 per square foot of living area is bracketed by these two best comparables on an overall basis and is below these two comparables on a per-

square-foot basis. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
