

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Biging
DOCKET NO.: 22-50849.001-R-1
PARCEL NO.: 03-32-310-005-0000

The parties of record before the Property Tax Appeal Board are Mark Biging, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,600
IMPR.: \$33,400
TOTAL: \$40,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,013 square feet of living area. The dwelling is approximately 65 years old. Features of the home include a full basement with finished area, 1 fireplace and a 1-car garage. The property has a 6,600 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables that are located within the same neighborhood code as the subject property and from 0.04 of a mile to 1.38 miles from the subject property. The comparables are improved with class 2-05, 2-story dwellings of frame and masonry exterior construction ranging in size from 1,844 to 2,401

square feet of living area. The dwellings are from 63 to 75 years old and have full or partial basements, but the appellant did not disclose whether the basements have finished or unfinished area. Four comparables each have central air conditioning. Each comparable has 1 or 2 fireplaces and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$22,934 to \$35,320 or from \$10.75 to \$16.39 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,000. The subject property has an improvement assessment of \$33,400 or \$16.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same neighborhood code as the subject. One comparable is located within .25 of a mile from the subject and three comparables are located on the same block as the subject. The comparables are improved with class 2-05, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,248 to 2,110 square feet of living area. The dwellings are from 67 to 74 years old and have full basements, two of which have finished area. One comparable has central air conditioning, three comparables each have 1 fireplace, and each comparable has a 1-car garage. The comparables have improvement assessments ranging from \$25,400 to \$35,046 or from \$16.61 to \$20.35 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 along with board of review comparables #1, #2 and #3 which are located more a mile from the subject and/or differ considerably from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in design, age, dwelling size, location, and some features. These four comparables have improvement assessments ranging from \$27,300 to \$35,320 or from \$14.80 to \$16.61 per square foot of living area. The subject's improvement assessment of \$33,400 or \$16.59 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
