

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julia Kearney
DOCKET NO.: 22-50860.001-R-1
PARCEL NO.: 04-36-403-068-0000

The parties of record before the Property Tax Appeal Board are Julia Kearney, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,451
IMPR.: \$94,904
TOTAL: \$130,355

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 3,701 square feet of living area. The dwelling is approximately 20 years old. Features of the home include a slab foundation, central air conditioning and a 3-car garage. The property has a 22,157 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located within the subject's assessment neighborhood and from 0.4 to 0.8 of a mile from the subject property. The comparables consist of class 2-04, 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,202 to 3,579 square feet of living

area. The dwellings are 62 to 70 years old. Three dwellings each have a partial basement, and one dwelling has a slab foundation. Each comparable has central air conditioning, 1 to 3 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$69,922 to \$80,240 or from \$20.87 to \$23.03 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$81,829 or \$22.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject property of \$130,355. The subject property has an improvement assessment of \$94,904 or \$25.64 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the subject's assessment neighborhood and within the same block or subarea as the subject or approximately ¼ of a mile from the subject property. The comparables consist of class 2-04, 1-story or 1.5-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,945 to 4,240 square feet of living area. The comparables are 67 to 80 years old. One dwelling has a partial basement, and three comparables each have a crawl space or a slab foundation. Two comparables each have central air conditioning, each comparable has 1 or 2 fireplaces, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$51,620 to \$110,240 or from \$26.00 to \$26.54 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration, all of which have substantially older aged dwellings than the subject property with varying degrees of similarity to the subject in design, dwelling size, foundation type and other features. Nevertheless, the Board gives less weight to the appellant's comparables #1, #2 and #3 as well as the board of review comparables #1, #3 and #4 which considerably differ from the subject in design, dwelling size, and/or foundation type. In addition, the board of review's comparable #1 lacks a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in design, dwelling size, location and foundation type. However, these comparables are inferior to the subject given their older ages, fewer number of bathrooms and/or smaller garage capacity. Nonetheless, these two comparables have

improvement assessments of \$69,922 and \$100,880 or \$20.87 and \$26.42 per square foot of living area, respectively. The subject's improvement assessment of \$94,904 or \$25.64 per square foot of living area is bracketed by the two best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
