

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Aines
DOCKET NO.: 22-50895.001-R-1
PARCEL NO.: 04-09-110-016-0000

The parties of record before the Property Tax Appeal Board are Timothy Aines, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,376
IMPR.: \$45,623
TOTAL: \$69,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,059 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a partial basement, central air conditioning and a 2-car garage. The property has a 16,251 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 0.2 to 0.7 of a mile from the subject. The comparables consist of class 2-04, 1-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,824 to 2,280 square feet of living area.

The comparables are 54 to 59 years old. Each comparable has a full or partial basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments that range from \$29,914 to \$42,864 or from \$16.28 to \$18.80 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$36,156.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject of \$69,999. The subject property has an improvement assessment of \$45,623 or \$22.16 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's same block or approximately ¼ of a mile from the subject. Three comparables are located within the same block as the subject, and one of which is located along the same street. The comparables consist of class 2-04, 1-story dwellings of frame and masonry exterior construction ranging in size from 2,009 to 2,280 square feet of living area. The homes are 55 to 58 years old. Each comparable has a partial basement, central air conditioning, a fireplace, and either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$48,939 to \$52,445 or from \$22.76 to \$24.45 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 along with the board of review comparable #4 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, dwelling size and most features. These five comparables have improvement assessments ranging from \$36,429 to \$49,780 or from \$16.28 to \$24.45 per square foot of living area. The subject's improvement assessment of \$45,623 or \$22.16 per square foot of living area falls below the range established by the best comparables in the record. In addition, the subject's improvement assessment also falls below the improvement assessments of the three board of review comparables which are located within the same block and/or street as the subject property. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
