

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Sullivan
DOCKET NO.: 22-50900.001-R-1
PARCEL NO.: 04-25-117-027-0000

The parties of record before the Property Tax Appeal Board are Stephen Sullivan, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,625
IMPR.: \$96,850
TOTAL: \$112,475

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 4,612 square feet of living area. The home is approximately 62 years old. Features include a full basement with finished area, central air conditioning, three fireplaces, and a 2.5-car garage. The property has a 15,625 square foot site and is located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,368 to 4,787 square feet of living area. The homes range in

age from 32 to 51 years old. Each comparable has a full or partial basement, central air conditioning, and from a 2-car to a 3-car garage. Three comparables each have two or three fireplaces. The comparables have improvement assessments ranging from \$83,213 to \$96,395 or from \$17.38 to \$21.27 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The appellants' submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$118,315. The subject has an improvement assessment of \$102,690 or \$22.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame and masonry exterior construction ranging in size from 4,356 to 4,968 square feet of living area. The homes are either 80 or 81 years old. Each comparable has a full or partial basement, central air conditioning, two fireplaces, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$105,372 to \$136,845 or from \$24.19 to \$29.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested equity comparables for the Board's consideration with each having the same assessment neighborhood code, design, and classification as the subject. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparables which are less similar to the subject in age than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 which are more similar to the subject in design/class, age and dwelling size. The two best comparables have improvement assessments of \$95,409 and \$96,395 or \$20.30 and \$21.27 per square foot of living area. The subject's improvement assessment of \$102,690 or \$22.27 per square foot of living area falls above the two best comparables in this record and is excessive. After considering the necessary adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
