

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hamid Baig
DOCKET NO.: 22-50901.001-R-1
PARCEL NO.: 04-29-100-060-0000

The parties of record before the Property Tax Appeal Board are Hamid Baig, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,499
IMPR.: \$34,500
TOTAL: \$68,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 3,167 square feet of living area. The home is approximately 62 years old. Features include a partial basement, one fireplace, and a 2.5-car garage. The property has a 32,763 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables, one of which is located within the subject's assessment neighborhood code. The properties are located from 190 feet to 2.1 miles from the subject. The comparables are improved with 1-story, class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,827 to 3,216 square feet of living area. The homes range in

age from 46 to 61 years old. Each comparable has a full or partial basement, one or two fireplaces, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$28,500 to \$32,500 or from \$9.39 to \$10.11 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,999. The subject property has an improvement assessment of \$34,500 or \$10.89 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,958 to 3,335 square feet of living area. The homes range in age from 47 to 68 years old. The comparables each have a full or partial basement and a 1-car or a 2-car garage. Three comparables each have central air conditioning. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$34,190 to \$43,500 or from \$11.11 to \$14.61 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 which are located less proximate to the subject than other comparables in this record, being over 2 miles distant from the subject property, and/or differ substantially from the subject in age. The Board also gives less weight to board of review comparables #1, #2, and #3 feature central air conditioning, unlike the subject. Further, board of review comparable #1 is a substantially newer home than the subject and board of review comparable #3 has a dissimilar 1.5-story design when compared to the 1-story design of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and board of review comparable #4 which are overall more similar to the subject in overall property characteristics. The two best comparables have improvement assessments of \$28,500 and \$37,190 or \$10.08 and \$11.15 per square foot of living area. The subject's improvement assessment of \$34,500 or \$10.89 is bracketed by the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
