

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Louis Conrad
DOCKET NO.: 22-50904.001-R-1
PARCEL NO.: 04-08-300-103-0000

The parties of record before the Property Tax Appeal Board are Louis Conrad, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,000
IMPR.: \$40,000
TOTAL: \$50,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 2,040 square feet of living area. The dwelling is approximately 43 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,375 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and on the same tax block as the subject property. The comparables are improved with class 2-95 townhomes of masonry exterior construction ranging in size from 2,040 to 2,128 square feet of living area. The

dwellings range in age from 45 to 47 years old. The comparables each have a full basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$38,000 to \$40,000 or from \$18.63 to \$19.01 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,000. The subject property has an improvement assessment of \$40,000 or \$19.61 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code and on the same tax block as the subject property, three of which are also located along the same street as the subject dwelling. The comparables are improved with 2-story, class 2-95 townhomes of masonry exterior construction with either 2,040 or 2,157 square feet of living area. The dwellings range in age from 43 to 45 years old. Each comparable has a full basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments of either \$40,000 or \$45,000 and of either \$19.61 or \$20.86 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration with each having the same assessment neighborhood code, design, and classification as the subject, as well as each being located on the same tax block as the subject. The Board finds the parties' comparables to be similar to the subject in age, dwelling size, and other features. The comparables have improvement assessments ranging from \$38,000 to \$45,000 or from \$18.63 to \$20.86 per square foot of living area. The subject's improvement assessment of \$40,000 or \$19.61 per square foot of living area falls within the range established by the comparables in this record. Further, the subject's improvement assessment matches the board of review's comparables #1, #2, and #4 which are identical or nearly identical to the subject in overall property characteristics. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
