

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Neubauer
DOCKET NO.: 22-50909.001-R-1
PARCEL NO.: 03-19-214-002-0000

The parties of record before the Property Tax Appeal Board are Andrew Neubauer, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,603
IMPR.: \$15,827
TOTAL: \$22,430

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,308 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a crawl space foundation and a 1-car garage. The property has a 9,108 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood. The comparables consist of class 2-03, 1-story dwellings of frame and masonry exterior construction ranging in size from 1,132 to 1,566 square feet of living area. The dwellings are from 62 to 70 years old. Two comparables each

have a partial or full basement, and three comparables each have a crawl space or a slab foundation. Two comparables each have central air conditioning, and each comparable has 1 or 2 fireplaces and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$13,500 to \$21,221 or from \$10.75 to \$13.55 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,827 or \$12.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject property of \$29,244. The subject has an improvement assessment of \$22,641 or \$17.31 per square foot of living area. The board of review did not submit any equity comparables in support of the correct assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted five comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 which feature basement foundations, in contrast to the subject which has a crawl space foundation.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #5 which lack a basement foundation, like the subject, and are relatively similar to the subject in location, design/class, age, dwelling size, and some features. These three comparables have improvement assessments ranging from \$13,500 to \$21,221 or from \$10.75 to \$13.55 per square foot of living area. The subject's improvement assessment of \$22,842 or \$17.31 per square foot of living area falls above the range established by the best comparables in the record and appears to be excessive. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
