

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lucy Lu
DOCKET NO.: 22-50913.001-R-1
PARCEL NO.: 04-15-100-063-0000

The parties of record before the Property Tax Appeal Board are Lucy Lu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,498
IMPR.: \$35,500
TOTAL: \$44,998

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of frame and masonry exterior construction with 2,263 square feet of living area. The dwelling is approximately 19 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 2,234 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and same tax block as the subject property. The comparables are improved with class 2-95 townhomes of frame and masonry exterior construction with each having 2,805 square feet of living area. The dwellings

are each 19 years old. Each comparable has a partial basement, central air conditioning, one fireplace, and a 2-car garage. Each of these comparables has an improvement assessment of \$34,500 or \$12.30 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$44,998. The subject has an improvement assessment of \$35,500 or \$15.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code and on the same tax block as the subject property. The comparables are improved with 2-story, class 2-95 townhomes of frame and masonry exterior construction with each having 2,263 square feet of living area. The dwellings are either 17 or 19 years old. Each comparable has a partial basement, central air conditioning, one fireplace, and a 2-car garage. Each of the four comparables has an improvement assessment of \$35,500 or \$15.69 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration with each having the same assessment neighborhood code, design, and classification as the subject, as well as being located on the same tax block as the subject. Nevertheless, the Board gives less weight to the comparables suggested by the appellant due to substantial differences from the subject in dwelling size, each of which is approximately 24% larger in size than the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in age, dwelling size, and other features. The best comparables have improvement assessments of \$35,500 or \$15.69 per square foot of living area. The subject's improvement assessment of \$35,500 or \$15.69 per square foot of living area matches the improvement assessments of the best comparables in this record and is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
