

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Archer Smith
DOCKET NO.: 22-50930.001-R-1
PARCEL NO.: 04-09-301-015-0000

The parties of record before the Property Tax Appeal Board are Archer Smith, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,075
IMPR.: \$49,267
TOTAL: \$67,342

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,769 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 12,050 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,777 to 1,848 square feet of living area. The homes range in age from 54 to 58 years old. Each comparable has a partial basement, central air conditioning, one fireplace,

and a 2-car garage. The comparables have improvement assessments ranging from \$30,720 to \$32,063 or from \$17.28 to \$17.58 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,342. The subject property has an improvement assessment of \$49,267 or \$27.85 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables within the subject's assessment neighborhood code. One comparable is located on the same block and along the same street as the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,530 to 1,919 square feet of living area. The homes range in age from 57 to 63 years old. Each comparable has a partial basement and a 2-car garage. Three comparables each have central air conditioning and two comparables each have one fireplace. The comparables have improvement assessments ranging from \$45,000 to \$62,678 or from \$29.24 to \$35.65 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds each of the parties' comparables has the same property classification, design, and assessment neighborhood code as the subject property. However, the Board gives less weight to board of review comparable #2 which is a substantially smaller home than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as board of review comparables #1, #3, and #4 which are similar to the subject in age, dwelling size, and most features. The Board gives most weight to board of review comparable #1 which is the only property in the record that is located on the same block and along the same street as the subject. Board of review comparable #1 has an improvement assessment of \$53,017 or \$30.86 per square foot of living area. The best comparables have improvement assessments ranging from \$30,720 to \$62,678 or from \$17.28 to \$35.65 per square foot of living area. The subject's improvement assessment of \$49,267 or \$27.85 per square foot of living area falls within the range established by the most similar comparables in this record and below the comparable given most weight by the Board. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
