

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kristin Glasenapp
DOCKET NO.: 22-50942.001-R-1
PARCEL NO.: 03-06-209-015-0000

The parties of record before the Property Tax Appeal Board are Kristin Glasenapp, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,116
IMPR.: \$30,402
TOTAL: \$41,518

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,523 square feet of living area. The home is approximately 37 years old. Features include a crawl space foundation, central air conditioning, a fireplace, and a 2-car garage. The property has an 8,893 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.37 of a mile from the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame or frame and masonry exterior construction containing 2,279 or 2,592 square feet of living area. The homes are 36 to

40 years old. Each comparable has a full unfinished basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$26,373 to \$31,835 or from \$11.57 to \$12.44 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$45,908. The subject property has an improvement assessment of \$34,792 or \$13.79 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of mile from the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,146 to 2,409 square feet of living area. The homes are 37 to 43 years old. Each comparable has a partial or full basement with one having finished area, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$33,092 to \$36,885 or from \$15.31 to \$15.94 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration, all of which have a basement foundation relative to the subject's crawl space foundation. Nevertheless, the Board gives less weight to the appellant's comparables #1 and #5 as well as the board of review's comparables #2, #3 and #4 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall most similar to the subject in design, dwelling size, age, location and most features. However, these comparables each have basement foundation, unlike the subject, suggesting downward adjustments would be appropriate to make them more equivalent to the subject. These four comparables have improvement assessments ranging from \$30,933 to \$36,885 or from \$12.04 to \$15.31 per square foot of living area. The subject's improvement assessment of \$34,792 or \$13.79 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is excessive and a reduction in the subject's commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
