

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michal Mordarski
DOCKET NO.: 22-50944.001-R-1
PARCEL NO.: 03-15-215-055-0000

The parties of record before the Property Tax Appeal Board are Michal Mordarski, the appellant by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,507
IMPR.: \$19,540
TOTAL: \$27,047

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,467 square feet of living area. The dwelling is approximately 38 years old. Features of the home include a full basement,¹ 2½ bathrooms, central air conditioning, a fireplace and a 2-car garage. The property has a 6,825 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables

¹ The appellant described the subject's basement as having an unfinished area whereas the board of review described the subject's basement as having formal recreation room. Neither party provided additional documentary evidence to support their respective descriptions of the subject property.

located within the subject's assessment neighborhood and within 0.42 of a mile of the subject property. The comparables consist of class 2-03, 1-story dwellings of frame or masonry exterior construction containing 1,350 or 1,380 square feet of living area. The homes are 37 to 64 years old. The dwellings have full unfinished basements, 1½ or 2½ bathrooms, central air conditioning and a 2-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$15,000 to \$20,405 or from \$10.87 to \$14.79 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$19,540 or \$13.32 per square foot of living area.

The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject property of \$31,302. The subject property has an improvement assessment of \$23,795 or \$16.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The board of review did not provide any comparables in support of the subject's correct assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity to be the five comparables submitted by the appellant. Nonetheless, the Board gives less weight to the appellant's comparable #3 due to the dwelling's older age when compared to the subject dwelling. The Board gives more weight to the appellant's remaining comparables which are similar to the subject in location, design, age, dwelling size and some features. These four comparables have improvement assessments ranging from \$17,457 to \$20,405 or from \$12.65 to \$14.79 per square foot of living area. The subject's improvement assessment of \$23,795 or \$16.22 per square foot of living area falls above the range established by the appellant's most similar comparables in the record. After considering the adjustments to the most similar comparables for differences to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
