

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yong Yi
DOCKET NO.: 22-50954.001-R-1
PARCEL NO.: 03-21-214-002-0000

The parties of record before the Property Tax Appeal Board are Yong Yi, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,435
IMPR.: \$43,564
TOTAL: \$50,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,884 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a 3-car garage. The property has a 6,759 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.52 of a mile from the subject. According to the parcel index numbers (PINs), the comparables beginning with PINs 03-21-117 are located within a different tax block than the subject property with a PIN beginning in

#03-21-214. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,811 to 3,155 square feet of living area. The dwellings are 35 to 37 years old. Each comparable has a basement, central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$32,153 to \$39,330 or from \$11.44 to \$12.75 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$50,999. The subject property has an improvement assessment of \$43,564 or \$15.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood as the subject. One comparable is located approximately $\frac{1}{4}$ of a mile from the subject, and three comparables are located within the same street and tax block as the subject with PINs beginning in #03-21-214. The comparables consist of class 2-78, 2-story dwellings of frame or masonry exterior construction ranging in size from 2,561 to 2,635 square feet of living area. The dwellings are 38 to 43 years old. Each comparable has a basement, central air conditioning, 1 or 2 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$40,878 to \$41,719 or from \$15.83 to \$16.21 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #4 which according to the PINs are located within a different tax block than the subject property that has a PIN beginning with #03-18-314.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3 that have PINs beginning with PIN #03-18-314 and are located within the subject's assessment neighborhood, tax block and street. Additionally, these comparables are relatively similar to the subject in design, age, dwelling size and other features. These three comparables have improvement assessments ranging from \$40,878 to \$41,719 or from \$15.83 to \$16.21 per square foot of living area. The subject's improvement assessment of \$43,564 or \$15.11 per square foot of living area falls above the range established by the best comparables in this record in terms of total improvement assessment but below the comparables on a per square

foot of living area basis which is logical given the subject's larger dwelling size. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
