

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ian Munro
DOCKET NO.: 22-51336.001-R-1
PARCEL NO.: 04-26-101-078-0000

The parties of record before the Property Tax Appeal Board are Ian Munro, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,309
IMPR.: \$78,817
TOTAL: \$91,126

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,412 square feet of living area. The home is approximately 14 years old. Features include a full basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has an 11,190 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and from 144 feet to 2.8 miles from the subject property. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,886 to 3,585 square feet of

living area. The homes range in age from 15 to 22 years old. Each comparable has a full basement, central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$61,738 to \$77,991 or from \$20.86 to \$21.75 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,126. The subject property has an improvement assessment of \$78,817 or \$23.10 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1.5-story, class 2-03 or 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,268 to 3,531 square feet of living area. The homes range in age from 8 to 98 years old. Each comparable has a full basement with finished area, one or two fireplaces, and a 2-car or a 3-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$35,430 to \$84,463 or from \$23.88 to \$27.94 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables for which basement finish was not disclosed and is required by the Board to make a meaningful analysis of these comparables to the subject. Further, the appellant's comparables #1 and #3 are each located 2.8 miles from the subject, less proximate to the subject than the other comparables in this record. The Board also gives less weight to board of review comparable #4 which is substantially older in age and significantly smaller in dwelling size than the subject, lacking in central air conditioning, unlike the subject, and having a dissimilar 1.5-story design, in contrast to the 2-story design of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are relatively similar to the subject in location, design/class, age, dwelling size, basement finish, and other features. The three best comparables have improvement assessments ranging from \$71,750 to \$84,463 or from \$23.88 to \$23.92 per square foot of living area. The subject's improvement assessment of \$78,817 or \$23.10 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and below

the range on a per square foot basis. After considering the necessary adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
