

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jaimee Farrington
DOCKET NO.: 22-51350.001-R-1
PARCEL NO.: 04-35-115-001-0000

The parties of record before the Property Tax Appeal Board are Jaimee Farrington, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,950
IMPR.: \$43,603
TOTAL: \$59,553

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,991 square feet of living area. The dwelling is approximately 81 years old. Features of the home include a full basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 9,969 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the subject's assessment neighborhood code. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 2,104 to 2,148 square feet of living area. The dwellings range in age from 64 to 114 years old. Each

comparable has a full or partial basement, central air conditioning, one fireplace, and a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$39,517 to \$48,142 or from \$18.40 to \$22.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$40,736 or \$20.46 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$64,491. The subject has an improvement assessment of \$48,541 or \$24.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 2,632 to 2,873 square feet of living area. The dwellings range in age from 74 to 83 years old. Each comparable has a full or partial basement, central air conditioning, one or two fireplaces, and a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$58,280 to \$79,366 or from \$20.29 to \$28.22 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2 as well as the board of review comparables which differ substantially from the subject in age or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 which are more similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. The two most similar comparables have improvement assessments of \$44,000 and \$48,142 or \$20.83 and \$22.88 per square foot of living area, respectively. The subject's improvement assessment of \$48,541 or \$24.38 per square foot of living area falls above the two best comparables in this record and is excessive. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
