

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harold Leavell
DOCKET NO.: 22-51355.001-R-1
PARCEL NO.: 04-36-311-023-0000

The parties of record before the Property Tax Appeal Board are Harold Leavell, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,748
IMPR.: \$95,251
TOTAL: \$122,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 4,361 square feet of living area. The home is approximately 74 years old. Features include a full basement, four full bathrooms, one half bathroom, central air conditioning, one fireplace, and a 2-car garage. The property has a 17,343 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are reported to be improved with 1.5-story, class 2-06 dwellings of stucco, masonry, or frame and masonry exterior construction ranging in size from 4,027 to 4,597 square feet of living area. The

homes range in age from 71 to 92 years old. Three comparables each have a full or partial basement and one comparable has a crawl space foundation. Each comparable has central air conditioning and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$84,016 to \$86,494 or from \$18.28 to \$20.86 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$122,999. The subject has an improvement assessment of \$95,251 or \$21.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,818 to 4,240 square feet of living area. The homes range in age from 18 to 75 years old. Two comparables each have a partial basement, one comparable has a slab foundation, and one comparable has a crawl space foundation. Each comparable has two or three full bathrooms, one or two half bathrooms, central air conditioning, and one or two fireplaces. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$94,984 to \$110,240 or from \$24.36 to \$26.42 per square foot of living area.

The board of review noted that each of the appellant's comparables were listed as 1-5-story, class 2-06 dwelling despite the Cook County Assessor's Office's description of this property class being a 2-story residence. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 as well as board of review comparables #2 and #3 due to substantial differences from the subject in dwelling size and/or age. Further, board of review comparable #3 has a dissimilar 1-story design, when compared to the subject's 1.5-story design.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and #2 as well as board of review comparable #1 and #4 which are overall more similar to the subject

in location, design/class, age and dwelling size with varying degrees of similarity in bathroom count, foundation type, garage amenity, and other features. The best comparables have improvement assessments ranging from \$84,021 to \$110,240 or from \$20.86 to \$26.00 per square foot of living area. The subject's improvement assessment of \$95,251 or \$21.84 falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
