

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Emily McNish  
DOCKET NO.: 22-51356.001-R-1  
PARCEL NO.: 04-34-401-028-0000

The parties of record before the Property Tax Appeal Board are Emily McNish, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,891  
**IMPR.:** \$45,108  
**TOTAL:** \$67,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,904 square feet of living area. The home is approximately 100 years old. Features include a full basement and a 2-car garage. The property has a 14,307 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-05 dwellings of masonry exterior construction ranging in size from 1,863 to 2,106 square feet of living area. The homes range in age from 64 to 74 years old. Each comparable has a full or partial basement and a 1-car or a 2-car garage. Three comparables

each have one fireplace. The comparables have improvement assessments ranging from \$33,939 to \$42,283 or from \$17.65 to \$20.40 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$67,999. The subject has an improvement assessment of \$45,108 or \$23.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-05 dwellings of frame or frame and masonry exterior construction ranging in size from 1,834 to 2,024 square feet of living area. The homes range in age from 82 to 102 years old. Each comparable has a full or partial basement, one fireplace, and from a 1-car to a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$45,845 to \$49,539 or from \$24.48 to \$26.71 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #4 which are substantially newer homes than the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall most similar to the subject in location, design/class, age, and dwelling sizes with varying degrees of similarity in other features. The two best comparables have improvement assessments of \$45,845 and \$49,387 or \$24.78 and \$26.41 per square foot of living area. The subject's improvement assessment of \$45,108 or \$23.69 per square foot of living area falls below the two best comparables in this record. Based on this record, the Board finds the appellant failed to demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
