

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Runge
DOCKET NO.: 22-51429.001-R-1
PARCEL NO.: 03-22-208-007-0000

The parties of record before the Property Tax Appeal Board are Jeff Runge, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,096
IMPR.: \$31,626
TOTAL: \$44,722

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,724 square feet of living area. The dwelling is approximately 28 years old. The home features a full unfinished basement, central air conditioning and a 3-car garage. The property has a 16,370 square foot site and is located in Prospect Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six comparables located within 0.44 of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,801 to 3,185 square feet of living area. The dwellings are from 24 to 57 years old. Each

comparable has a partial or full unfinished basement and central air conditioning. Four comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$19,500 to \$28,038 or from \$6.82 to \$9.89 per square foot of living area. The appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject has a total assessment for the subject of \$44,722. The subject property has an improvement assessment of \$31,626 or \$11.61 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,421 to 2,988 square feet of living area. The dwellings are from 29 to 43 years old. Each comparable has a partial or full unfinished basement, central air conditioning and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments that range from \$28,896 to \$38,252 or from \$11.94 to \$13.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4 and #5 along with the board of review's comparable #4 due to differences in their ages, dwelling size, and/or lack of a garage amenity, when compared to the subject. The Board also gives less weight to the appellant's comparable #6 which appears to be an outlier with its significantly lower improvement assessment relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall most similar to the subject in location, age, dwelling size and most features. These five comparables have improvement assessments ranging from \$28,000 to \$38,252 or from \$9.24 to \$13.80 per square foot of living area. The subject's improvement assessment of \$31,626 or \$11.61 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
