

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Smithe
DOCKET NO.: 22-51433.001-R-1
PARCEL NO.: 03-18-313-006-0000

The parties of record before the Property Tax Appeal Board are Tom Smithe, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,164
IMPR.: \$34,272
TOTAL: \$44,436

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,520 square feet of living area. The dwelling is approximately 43 years old. The home features a partial unfinished basement, central air conditioning and a 2-car garage. The property has a 9,240 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven comparables located within the subject's assessment neighborhood and within 0.09 of a mile from the subject property. Four comparables are located along the subject's street. The comparables consist of class 2-78, 2-story dwellings of frame or frame and masonry exterior construction ranging in size

from 2,109 to 3,029 square feet of living area. The dwellings are from 39 to 43 years old. Each comparable has a partial or full unfinished basement, central air conditioning and a 2-car garage. The comparables have improvement assessments that range from \$25,540 to \$38,688 or from \$11.55 to \$13.04 per square foot of living area. The appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject has a total assessment for the subject of \$44,436. The subject property has an improvement assessment of \$34,272 or \$13.60 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject property. One comparable is located along the subject's street. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,076 to 2,520 square feet of living area. The dwellings are each 43 years old. Each comparable has a partial basement with one having finished area, central air conditioning and a 2-car garage. The comparables have improvement assessments that range from \$31,374 to \$37,320 or from \$13.98 to \$15.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #5 along with the board of review's comparable #4 which are less similar to the subject in dwelling size than the other comparables in the record. The Board also gives less weight to the board of review comparable #1 due to its basement finish relative to the subject's unfinished basement area.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which overall are most similar and/or identical to the subject in location, age, dwelling size and most features. These five comparables have improvement assessments ranging from \$27,314 to \$35,224 or from \$11.55 to \$14.31 per square foot of living area. The subject's improvement assessment of \$34,272 or \$13.60 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
