

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ralph R. Cairo
DOCKET NO.: 22-51438.001-R-1
PARCEL NO.: 03-18-413-012-0000

The parties of record before the Property Tax Appeal Board are Ralph R. Cairo, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,338
IMPR.: \$25,441
TOTAL: \$33,779

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,635 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a partial basement with finished area, central air conditioning and a 2-car garage. The property has a 9,264 square foot site located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located in the subject's assessment neighborhood and within 0.17 of a mile from the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,466 to 2,049 square feet of

living area. The comparables are from 55 to 57 years old. Each comparable has a partially finished basement and either a 1-car, 1.5-car or a 2-car garage. Five comparables each have central air conditioning. The comparables have improvement assessments ranging from \$21,744 to \$30,125 or from \$14.70 to \$16.50 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$25,441 or \$15.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,098. The subject property has an improvement assessment of \$28,760 or \$17.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood and subarea as the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame or frame and masonry exterior construction containing 1,078 or 1,100 square feet of living area. The comparables are 59 or 60 years old. Each comparable has a partial basement with finished area, central air conditioning and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$25,510 to \$26,140 or from \$23.64 to \$23.76 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #6 and the board of review's comparables which differ from the subject in dwelling size and/or lack central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3, #4 and #5 which are overall most similar to the subject in location, age, dwelling size and most features. These five comparables have improvement assessments ranging from \$21,744 to \$28,125 or from \$14.83 to \$16.50 per square foot of living area. The subject's improvement assessment of \$28,760 or \$17.59 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences in features from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
