

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rosario Cassata
DOCKET NO.: 22-51441.001-R-1
PARCEL NO.: 03-25-406-031-0000

The parties of record before the Property Tax Appeal Board are Rosario Cassata, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,190
IMPR.: \$24,262
TOTAL: \$32,452

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,336 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a partial basement with finished area and a 2-car garage. The property has a 9,100 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven comparables located within the subject's assessment neighborhood and within 0.18 of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,116 to 1,769 square feet of living area. The

dwellings are from 54 to 59 years old. The dwellings each have a partial basement with finished area and a 2-car garage. Six comparables have central air conditioning. The comparables have improvement assessments ranging from \$19,084 to \$26,536 or from \$13.64 to \$17.10 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$20,788 or \$15.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,452. The subject property has an improvement assessment of \$24,262 or \$18.16 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction containing 1,116 or 1,267 square feet of living area. The dwellings are from 56 to 59 years old. The dwellings each have a partial basement with finished area and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$20,886 to \$25,730 or from \$18.72 to \$21.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3, #4, #5 and #6 as well as the board of review's comparables #1 and #4 due to differences from the subject in dwelling size and/or presence of central air conditioning, which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall most similar to the subject in location, design, dwelling size, and most features. These three comparables have improvement assessments ranging from \$21,520 to \$24,507 or from \$13.64 to \$21.96 per square foot of living area. The subject's improvement assessment of \$24,262 or \$18.16 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
