

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Schmitz
DOCKET NO.: 22-51547.001-R-1
PARCEL NO.: 03-20-211-030-0000

The parties of record before the Property Tax Appeal Board are James Schmitz, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,164
IMPR.: \$30,532
TOTAL: \$40,696

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,077 square feet of living area. The dwelling is 53 years old. Features of the home include a basement, central air conditioning, a fireplace and a 2-car garage. The property has a 9,240 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.88 of a mile from the subject.

The comparables consist of class 2-04, 1-story¹ dwellings of frame and masonry exterior construction ranging in size from 1,874 to 2,434 square feet of living area. The homes are 37 to 66 years old. Three comparables have crawl space foundations, and two comparables have basements. Four comparables each have central air conditioning, and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$16,500 to \$32,375 or from \$8.78 to \$14.63 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$40,696. The subject property has an improvement assessment of \$30,532 or \$14.70 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block, the subject's subarea or approximately ¼ of a mile from as the subject. The comparables consist of class 2-04, 1-story or 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,949 to 2,277 square feet of living area. The homes are 36 to 58 years old. Each comparable has a basement, central air conditioning and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$31,165 to \$35,777 or from \$15.65 to \$16.87 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #4 due to differences in their age, dwelling size or foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2 and #3 which are overall are most similar to the subject in location, design, age, dwelling size and other features. These three comparables have improvement assessments ranging from \$31,165 to \$35,777 or from \$15.75 to \$16.87 per square foot of living area. The subject's improvement assessment of \$30,532 or \$14.70 per square foot of living area falls below the best similar comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

¹¹ The appellant's grid analysis described comparable #1 as being a 5-story building; however, the photographic evidence provided by the appellant's depicts it as being less than a 2-story dwelling.

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
