

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hannah Yang
DOCKET NO.: 22-51566.001-R-1
PARCEL NO.: 04-07-102-031-0000

The parties of record before the Property Tax Appeal Board are Hannah Yang, the appellant(s), by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,569
IMPR.: \$69,226
TOTAL: \$88,795

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 13,046 square foot parcel of land improved with a 43-year-old, two-story, masonry, single-family dwelling containing 3,976 square feet of building area. The property is located in Northbrook, Northfield Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of these arguments, the appellant submitted data on four comparables. These comparables are described as two-story, single-family dwellings. They range: in age from 44 to 54 years; in size from 3,197 to 3,607 square feet of building area; and in improvement assessment from \$14.68 to \$15.00 per square foot of building area. They sold from April 1980 to November 2018 for prices ranging from \$70.42 to \$172.66 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$84,974 with an improvement assessment of \$65,405 or \$16.45 per square foot of building area. The total assessment reflects a market value of \$849,740 or \$213.72 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted four comparables with sales information on three. These comparables are described as two-story, masonry or stucco or frame and masonry, single-family dwellings. They range: in age from 13 to 43 years; in size from 3,819 to 4,378 square feet of building area; and in improvement assessment from \$16.14 to \$20.62 per square foot of building area. The three comparables sold from January to June 2021 for prices ranging from \$246.14 to \$279.06 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #1 and the board of review's comparables. These comparables sold from November 2018 to June 2021 for prices ranging from \$172.66 to \$279.06 per square foot of building area. The remaining comparables were given less weight due to their extremely aged sales dates. In comparison, the subject's assessment reflects a market value of \$213.72 per square foot of building area which is within the range of these comparables. After making adjustments to the comparables for the subject's location the Board finds the subject's market value based on the current assessment is supported. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 for their location and the board of review's comparables #2 and #4 for their size. These comparables had improvement assessments ranging of \$14.68 to \$19.27 per square foot of building area. In comparison the subject's improvement assessment of \$16.45 per square foot of building area is within the range of the best comparables in this record. After making adjustments to the comparables for the subject's location, the Board finds the subject's assessment is supported. The Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
