

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leon & Carole Bookman
DOCKET NO.: 22-51906.001-R-1
PARCEL NO.: 04-09-318-005-0000

The parties of record before the Property Tax Appeal Board are Leon & Carole Bookman, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,745
IMPR.: \$48,398
TOTAL: \$66,143

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction containing 3,114 square feet of living area. The dwelling is approximately 52 years old. Features of the home include a partial basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 11,830 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables that are located from .6 to .9 of a mile and in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78, 2-story dwellings of frame or frame and masonry exterior construction that range in size from 2,871 to 3,130 square feet of living area. The dwellings are 54 or 56 years old. Each comparable has a partial basement, central air conditioning and a 2-car or 2.5-car garage. Three comparables each have one

fireplace. The comparables have improvement assessments that range from \$36,950 to \$45,202 or from \$12.87 to \$14.61 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$43,752 or \$14.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellants submitted the board of review final decision disclosing the total assessment for the subject of \$66,143. The subject property has an improvement assessment of \$48,398 or \$15.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located on the same block or .25 of a mile from the subject and in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior construction that range in size from 2,876 to 3,229 square feet of living area. The dwellings range in age from 51 to 56 years old. Each comparable has a full or partial basement, central air conditioning and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$51,940 to \$63,775 or from \$18.06 to \$19.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board finds that all of the comparables are most similar to the subject in age, dwelling size, design, age, and some features. These most similar comparables have improvement assessments ranging from \$36,950 to \$63,775 or from \$12.87 to \$19.75 per square foot of living area. The subject's improvement assessment of \$48,398 or \$15.54 per square foot of living area falls within the range of the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
