

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Keldermans
DOCKET NO.: 22-52287.001-R-1
PARCEL NO.: 04-34-413-065-0000

The parties of record before the Property Tax Appeal Board are Adam Keldermans, the appellant, by attorney Timothy C. Jacobs of Kovitz Shifrin Nesbit in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,000
IMPR.: \$111,303
TOTAL: \$125,303

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,988 square feet of living area. The dwelling is approximately 4 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 3-car garage. The property has an 8,750 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within .4 of a mile from the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior

construction ranging in size from 2,647 to 3,797 square feet of living area. The dwellings are from 14 to 55 years old. The comparables each have a full or partial basement with finished area, central air conditioning, a fireplace and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$56,962 to \$78,152 or from \$20.58 to \$22.85 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$64,544 or \$21.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,303. The subject property has an improvement assessment of \$111,303 or \$37.25 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within ¼ of a mile from the subject property. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 2,671 to 3,094 square feet of living area. The dwellings are 7 or 16 years old. The comparables each have a full basement, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$80,449 to \$121,811 or from \$30.12 to \$39.37 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven comparable properties for the Board's consideration. The Board has given less weight to the appellant's seven comparables due to differences from the subject in age and/or dwelling size. The Board has given reduced weight to board of review comparable #4 due to its lack of basement finish and its smaller dwelling size, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3, which are overall most similar to the subject in location, dwelling size, design, age and some features. These three comparables have improvement assessments ranging from \$114,571 to \$121,811 or from \$38.87 to \$39.37 per square foot of living area. The subject's improvement assessment of \$111,303 or \$37.25 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the

best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
