

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Morgan
DOCKET NO.: 22-52557.001-R-1
PARCEL NO.: 25-06-120-010-0000

The parties of record before the Property Tax Appeal Board are Edward Morgan, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,187
IMPR.: \$22,800
TOTAL: \$33,987

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,357 square feet of living area. The dwelling is approximately 106 years old and features a basement. The property has a 8,950 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 homes of frame, masonry, or stucco exterior construction ranging in size from 2,263 to 3,367 square feet of living area. The homes range in age from 68 to 109 years old. Each home has a basement. One home has central air conditioning,

three homes each have a fireplace, and three comparables have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$1,625 to \$5,700 or from \$0.48 to \$2.29 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$4,289.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,999. The subject property has an improvement assessment of \$23,812 or \$10.10 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 homes of frame exterior construction ranging in size from 2,232 to 2,408 square feet of living area. The dwellings range in age from 107 to 121 years old. Each home has a basement, one to four fireplaces, and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$23,824 to \$26,313 or from \$10.22 to \$10.93 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3, and #5 and the board of review's comparable #4, which are less similar to the subject in dwelling size and/or age than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review's comparables #1, #2, and #3, which are more similar to the subject in dwelling size, age, location, and some features, although three comparables have a garage unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$4,625 to \$26,313 or from \$1.89 to \$10.93 per square foot of living area. The subject's improvement assessment of \$23,812 or \$10.10 per square foot of living area falls within the range established by the best comparables in this record. However, after considering appropriate adjustments to the best comparables for differences from the subject, such as garage amenity, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
