

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Rapoport
DOCKET NO.: 22-53017.001-R-1
PARCEL NO.: 04-07-401-065-0000

The parties of record before the Property Tax Appeal Board are Michael Rapoport, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,077
IMPR.: \$58,967
TOTAL: \$78,044

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,718 square feet of living area. The dwelling is approximately 31 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 3-car garage. The property has a 12,718 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the same assessment neighborhood as the subject and from 0.78 of a mile to 1.39 miles from the subject property. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 3,481 to 3,567 square feet of living area. The

homes are from 27 to 55 years old. Each comparable has a basement with "0" reported for the finished basement area, a fireplace and either a 2-car or a 3-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$37,500 to \$51,443 or from \$10.51 to \$14.54 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,044. The subject property has an improvement assessment of \$58,967 or \$15.86 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and subarea as the subject. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 3,502 to 3,800 square feet of living area. The homes are from 27 to 38 years old. Each comparable has an unfinished basement, central air conditioning, 1 or 2 fireplaces and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$55,927 to \$62,957 or for \$15.97 and \$17.31 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to their more distant proximity of 1.37 or 1.39 miles away from the subject, and the older age of appellant's comparable #2 when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with the board of review's comparables. These comparables are relatively similar to the subject in location, design, dwelling size, age and some features. These six comparables have improvement assessments ranging from \$48,045 to \$62,957 or for \$13.79 and \$17.31 per square foot of living area. The subject's improvement assessment of \$58,967 or \$15.86 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
