

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan Feldman
DOCKET NO.: 22-53102.001-R-1
PARCEL NO.: 04-16-120-008-0000

The parties of record before the Property Tax Appeal Board are Allan Feldman, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,156
IMPR.: \$40,758
TOTAL: \$58,914

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,445 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a partial basement with finished area,¹ central air conditioning and a 2-car garage. The property has a 12,104 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood as the subject and from 1.06 to 1.50 miles of

¹ The board of review disclosed the subject has a partial basement with formal recreation room, which was unrefuted by the appellant.

the subject property. The comparables consist of class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,330 to 2,344 square feet of living area. The homes are from 40 to 57 years old. The comparables have partial or full basements with "0" reported for the finished basement area. Each comparable has central air conditioning and a 2-car garage. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$30,623 to \$33,005 or from \$13.07 to \$14.10 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$32,958 or \$13.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,914. The subject property has an improvement assessment of \$40,758 or \$16.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's same assessment neighborhood and within the subject's same block or approximately 0.25 of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of frame or masonry exterior construction containing 2,472 or 2,601 square feet of living area. The homes are 54 or 55 years old. The comparables have partial unfinished basements, central air conditioning and a 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$42,111 to \$44,823 or from \$16.85 to \$18.13 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables that are located over a mile from the subject property. Furthermore, the appellant's comparable #4 is considerably newer in age to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review's comparables that are located with 0.25 of a mile from the subject and are also relatively similar to the subject in design, dwelling size, age, and/or most features. These four comparables have improvement assessments ranging from \$42,111 to \$44,823 or from \$16.85 to \$18.13 per square foot of living area. The subject's improvement assessment of \$40,758 or \$16.67 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
