

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick C. Ryan
DOCKET NO.: 22-53106.001-R-1
PARCEL NO.: 17-10-221-026-0000

The parties of record before the Property Tax Appeal Board are Patrick C. Ryan, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,775
IMPR.: \$74,225
TOTAL: \$94,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 1,965 square feet of living area. The dwelling is approximately 26 years old. Features of the home include a concrete slab foundation, central air conditioning, 3 bathrooms and a 1.5-car garage. The property has a 1,130 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property, a townhome or row house up to 62 years of age, under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject, three of which are located on the same street as the subject property. The

comparables are improved with three-story dwellings of masonry exterior construction containing 1,965 or 2,358 square feet of living area. The dwellings are each 26 years old. Each comparable has a concrete slab foundation, central air conditioning, 3 or 3½ bathrooms and either a 1-car, a 1.5-car or a 2-car garage. Comparable #3 has a fireplace. The comparables have improvement assessments that range from \$64,793 to \$74,410 or from \$31.37 to \$32.97 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$62,546 or \$31.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,000. The subject property has an improvement assessment of \$74,225 or \$37.77 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block as the subject, three of which are on the same street as the subject property. The comparables are improved with three-story dwellings of masonry exterior construction, each 25 years old and containing 1,965 square feet of living area. Each comparable has a concrete slab foundation, central air conditioning, 3 bathrooms and a 1.5-car garage. The comparables have improvement assessments that range from \$84,225 to \$88,810 or from \$42.86 to \$45.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3, which differ from the subject dwelling in size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the four comparables submitted by the board of review, which are similar to the subject in location and similar, if not identical to the subject in dwelling size, design, age and features. The comparables have improvement assessments ranging from \$64,793 to \$88,810 or from \$32.97 to \$45.20 per square foot of living area. The subject's improvement assessment of \$74,225 or \$37.77 per square foot of living area falls within the range established by the best comparables in the record both in terms of total improvement assessment and on a per square foot basis.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
