

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vladimir Desh
DOCKET NO.: 22-53117.001-R-1
PARCEL NO.: 04-17-101-080-0000

The parties of record before the Property Tax Appeal Board are Vladimir Desh, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,728
IMPR.: \$93,782
TOTAL: \$115,510

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,546 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full basement with finished area,¹ 7 full and 1 half bathrooms, central air conditioning, 4 fireplaces and a 3-car garage. The property has a 14,485 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six comparables located within the subject's same assessment neighborhood and from 0.63 of a mile to 1.84 miles

¹ The board of review disclosed the subject has a full basement finished with a formal recreation room, which was unrefuted by the appellant.

from the subject. The comparables consist of class 2-09, 2-story dwellings of masonry exterior construction ranging in size from 5,144 to 5,663 square feet of living area. The dwellings are 18 to 32 years old. The comparables have partial or full basements with "0" reported for the finished area. Each comparable has from 2 to 5 full bathrooms, 1 or 2 half bathrooms, central air conditioning, 1 or 2 fireplaces and a 3-car, 3.5-car or 4-car garage. The comparables have improvement assessments that range from \$67,360 to \$77,698 or from \$12.97 to \$13.99 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$75,481 or \$13.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject property of \$115,510. The subject property has an improvement assessment of \$93,783 or \$16.91 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables that are located within the subject's same assessment neighborhood and within the subject's same block or subarea. The comparables consist of class 2-09, 2-story dwellings of frame or masonry exterior construction ranging in size from 5,047 to 5,532 square feet of living area. The dwellings are 10 to 50 years old. Each comparable has a full basement with finished area, 3 to 5 full bathrooms, 1 half bathroom, central air conditioning, 1 or 2 fireplaces and a 3-car or 4-car garage. The comparables have improvement assessments ranging from \$90,900 to \$101,771 or from \$17.68 to \$18.86 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

In written rebuttal, the appellant compared the different age and construction type of the board of review comparable #3 to the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #3 which are located about a mile or more from the subject property and/or have dwellings significantly older in age than the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 that are overall more similar to the subject in location, design, age, dwelling size, basement finish, and some features. However, upward adjustments are needed for differences in bathroom count and fireplace count to make them more equivalent to the subject. These two

comparables have improvement assessments of \$97,811 and \$101,771 or \$17.68 and \$18.86 per square foot of living area. The subject's improvement assessment of \$93,783 or \$16.91 per square foot of living area falls below the improvement assessments of the two best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
