

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig Johnson
DOCKET NO.: 22-53171.001-R-1
PARCEL NO.: 04-35-319-016-0000

The parties of record before the Property Tax Appeal Board are Craig Johnson, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,857
IMPR.: \$54,350
TOTAL: \$68,207

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,680 square feet of living area. The dwelling is 72 years old. Features of the home include a partial unfinished basement, 1 full and 1 half bathrooms, a fireplace and a 2-car garage. The property has an 8,661 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's same assessment neighborhood and within 0.67 of a mile from the subject property. The comparables consist of class 2-06, 2-story dwellings of masonry exterior construction ranging in size from 2,408 to 3,149 square feet of living area. The dwellings are 69

to 85 years old. The comparables have full basements with "0" reported for the finished area. Each comparable has 2 or 3 full bathrooms, central air conditioning, and either a 2-car or a 2.5-car garage. Three comparables each have 1 half bathroom, and two comparables each have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$47,914 to \$66,381 or from \$17.87 to \$21.62 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$54,350 or \$20.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject property of \$78,999. The subject property has an improvement assessment of \$65,142 or \$24.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's same assessment neighborhood and within the subject's same block or approximately ¼ of a mile from the subject property. The comparables consist of class 2-06, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,567 to 2,834 square feet of living area. The comparables are 73 to 96 years old. One dwelling has a slab foundation, and three dwellings each have a partial or a full basement with two having finished area. Each comparable has 2 or 4 full bathrooms, central air conditioning and a fireplace. Two comparables each have 1 half bathroom, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$63,918 to \$76,856 or from \$24.90 to \$27.12 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

In written rebuttal, counsel for the appellant compared the different age and/or construction type between the board of review comparables and the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 due to considerable differences in their dwelling size or age when compared to the subject. The Board also gives less weight to the board of review comparables which significantly differ from the subject in age, foundation type, basement finish, and/or lack of a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 which are overall most similar to the subject in location, design, age, dwelling size and some

features. These two comparables have improvement assessments of \$47,914 and \$52,069 or \$17.87 and \$21.62 per square foot of living area, respectively. The subject's improvement assessment of \$65,142 or \$24.31 per square foot of living area falls above the improvement assessments of the two best comparables in the record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
