

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Kelly
DOCKET NO.: 22-53201.001-R-1
PARCEL NO.: 04-23-101-046-0000

The parties of record before the Property Tax Appeal Board are Susan Kelly, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,690
IMPR.: \$47,310
TOTAL: \$74,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,686 square feet of living area. The home is approximately 23 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,676 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables, none of which are located within the subject's assessment neighborhood code. The comparables are located from 2.36 of a mile to 6.92 miles from the subject property. The comparables are improved with 2-story, class 2-78

dwelling of frame exterior construction ranging in size from 2,587 to 2,662 square feet of living area. The homes range in age from 24 to 39 years old. Each comparable has a full or partial basement, central air conditioning, and a 2-car garage. Four comparables each have one fireplace. The comparables have improvement assessments ranging from \$32,626 to \$41,854 or from \$12.59 to \$16.11 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,000. The subject property has an improvement assessment of \$47,310 or \$17.61 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the subject's assessment neighborhood code as well as being on the same block and along the same street as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 3,005 to 3,272 square feet of living area. The homes are either 21 or 23 years old. Each comparable has a full basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$53,948 to \$59,720 or from \$17.68 to \$18.83 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

In written rebuttal, the appellant pointed out differences in living area (dwelling size) and exterior construction type between the subject property and the board of review comparables #2, #3, and #4.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are each located over 2 miles from the subject, less proximate to the subject than other comparables in this record, and/or differ substantially from the subject in age. The Board also gives less weight to board of review comparables #3 and #4 which are substantially larger homes than the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$53,948 and \$56,588 or \$17.85 and \$18.83 per square foot of living area. The subject's improvement

assessment of \$47,310 or \$17.61 per square foot of living area falls below the two best comparables in this record. After considering the adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
