

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Winnie Lin
DOCKET NO.: 22-53664.001-R-1
PARCEL NO.: 19-02-416-007-0000

The parties of record before the Property Tax Appeal Board are Winnie Lin, the appellant, by Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,700
IMPR.: \$27,300
TOTAL: \$30,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of masonry exterior construction with 3,388 square feet of building area. The building is approximately 29 years old. Features include a full basement finished with an apartment and a 2-car garage. The property has a 2,700 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,192 to 3,572 square feet of building area and are from 96 to 114 years old. One comparable has a crawl space foundation, and two comparables have full basements. Two comparables have a 1-

car or a 2-car garage. The comparables have improvement assessments that range from \$16,679 to \$19,250 or from \$5.23 to \$5.41 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$18,058 or \$5.33 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,000. The subject property has an improvement assessment of \$27,300 or \$8.06 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-11 two-story multi-family buildings of masonry exterior construction ranging in size from 3,316 or 3,729 square feet of building area. The buildings are 28 or 51 years old and have full basements finished with an apartment. Three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$27,990 to \$33,850 or from \$8.44 to \$9.08 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #3 and #4 which significantly differ from the subject in age and/or foundation type.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2. These two comparables are similar to the subject in location, design, building size, age, and most features, except one comparable lacks garage, unlike the subject. These two comparables have improvement assessments of \$29,300 and \$33,850 or for \$8.59 and \$9.08 per square foot of building area. The subject's improvement assessment of \$27,300 or \$8.06 per square foot of building area falls below the two best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
