

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Taxpayer 8002372119
DOCKET NO.: 22-53672.001-R-1
PARCEL NO.: 04-28-102-032-0000

The parties of record before the Property Tax Appeal Board are Taxpayer 8002372119, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,742
IMPR.: \$40,295
TOTAL: \$59,037

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,690 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,412 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables that have the same property classification code and assessment neighborhood code as the subject. The comparables are located either .4 of a mile or 2.5 miles from the subject property. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction ranging

in size from 2,688 to 2,800 square feet of living area. The dwellings are from 27 to 51 years old. The comparables each have a full basement with the finished basement area reported as "n/a." Two comparables each have central air conditioning and a fireplace. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$37,357 to \$41,514 or from \$13.34 to \$14.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$38,332 or \$14.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,039. The subject property has an improvement assessment of \$40,297 or \$14.98 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same property classification code and assessment neighborhood code as the subject. The comparables are located within the same block as the subject property, three of which are also along the same street as the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,619 to 3,070 square feet of living area. The dwellings are from 30 to 52 years old. The comparables each have a full or partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments ranging from \$42,344 to \$45,982 or from \$14.98 to \$16.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparable #1, as well as board of review comparables #2, #3 and #4 which are less similar to the subject dwelling in age and/or size. The Board has also given less weight to the appellant's comparable #3 due to its distant location being more than 2 miles away from the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparable #1, which are overall most similar to the subject in location, dwelling size, design, age and some features. These two comparables have improvement assessments of \$39,049 and \$42,344 or for \$14.53 and \$16.17 per square foot of living area, respectively. The subject's improvement assessment of \$40,297 or \$14.98 per square foot of living area is bracketed by the two best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds

the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
